Federal Direct Parent PLUS Loans are federal loans for parents of dependent students. For federal financial aid purposes, dependency is determined by filing the Free Application for Federal Student Aid (FAFSA), and not by the dependency status for federal tax filing. The Free Application for Federal Financial Aid (FAFSA) must be filed, and the student's financial aid file complete before we will process this request. A stepparent may apply only if that individual's information is listed on the FAFSA. Also, the U.S. Department of Education will perform a credit check to determine eligibility for the loan.
